

<b>Host ID: 1</b> <b>Work Shadowing Day (in person)</b>	
<b>Company Sector</b>	Consultancy – Construction
<b>Company Description</b>	We provide structural engineering consultancy on local construction projects in Kensington and around London. Our clients include private individuals as well as local businesses such as a Michelin-starred restaurant, an award-winning architect, and a series of projects for Kensington Council.
<b>Host Department</b>	Engineering
<b>Host Job Title</b>	Lead Design Engineer
<b>Job Title Description</b>	I provide expertise and guidance to businesses on engineering projects and advises clients on how to best meet their design and construction demands. I engage with a wide variety of tasks such as project management, planning design briefs and construction completion.
<b>Work Shadowing Overview</b>	<p>The day will start with a tour of the office and presentation which will be an opportunity to learn more about the company/sector and understand more about my role, key responsibilities and how it fits into the wider team. There will then be an opportunity to actively shadow myself in my daily tasks as well as some other team members involved in different project stages.</p> <p>On the second day we hope to give the student an opportunity to visit one of our projects on site to see the construction phase and how our designs translate to actual buildings in real life.</p>
<b>Work Shadowing Duration</b>	2 days
<b>Work Shadowing Date(s)*</b>	9 <sup>th</sup> and 10 <sup>th</sup> April 2024 (preferably but can be flexible)
<b>Work Shadowing Location</b>	London
