Health4All Direct Debit

health cash plan

Introducing the **Health4All** **Direct Debit** health cash plan

A health cash plan is an excellent way to manage the cost of your everyday healthcare; pay a small monthly premium and you can claim cash back on dental, optical and therapy treatments, plus much more.

Everyday healthcare

If you have dental check-ups, or wear glasses or contact lenses, you can claim cash back towards their cost.

The plan also covers a range of therapy treatments, including osteopathy, physiotherapy and chiropody, plus much more. See [page 5](#) for the full list of benefits available.

Emergency illness cover

You don't need to be ill to benefit from a health cash plan, but if you do have an unexpected illness, you can claim towards the costs associated with a diagnostic consultation (when referred by your own GP), or receive a cash payment for each night you spend in hospital or per day-case surgery undertaken (Silver cover and above).

Things you need to know...

- Anyone aged 16 or over, who resides in the United Kingdom, can apply. Personal and family cover – children can be covered on a family plan until their 18th birthday. We reserve the right to decline cover
- No medical required
- We authorise payment of 90% of eligible claims within two working days of receipt
- Premiums payable through convenient Direct Debit
- Claim from the start date of your policy. For maternity/paternity payment, you will need to wait 10 months from the policy start date and if you have an existing health condition, you will have to wait two years before you are covered for hospital in-patient claims for the same or a related condition. Telephone helplines can be accessed from the start date of your policy.

Meet John, a health cash plan policyholder*

John has purchased Gold personal cover at a cost of £21.50 per month.

Firstly, John visits the dentist for a check-up and receives treatment for a filling, paying £53.90**. John can claim back 100% of this cost, and still have £96.10 left over for the rest of the Policy Year.

John also needs a new pair of glasses, so he goes for an eyesight test, and decides on a pair of designer frames costing £250†. He can claim £150 of this back, which takes him up to his reimbursement limit for the Policy Year.

Following an injury to his back, John has six physiotherapy sessions, costing £240†. The Health4All Direct Debit health cash plan allows John to claim back 75% of the cost of these sessions, so he gets £180 cash paid directly into his bank account, and can still claim up to £270 for covered therapy treatments over the remainder of the Policy Year.
