THE 2023 IMPERIAL EYE MOVEMENT COURSE – book the date!

A clinically oriented half day course for medical doctors and scientists

AT

The Mary Cochrane Lecture Theatre
in the Education Centre at Charing Cross Hospital
Fulham Palace Road, London W6 8JA

Thursday 16th November 2023 13.30 – 18hrs

(The course has been organised the day before the bi-annual meeting of the British Society of Neuro- ology for those delegates wanting to attend both events)

Organiser: Prof Adolfo Bronstein

Speakers: Adolfo Bronstein, Veronica Ferguson, Diego Kaski, Michael Gresty, Pares Malhotra, Richard Nicholas, Alidz Pambakian, Barry Seemungal.

Topics covered: Disorders of the orbit and the eye, oculo-motor nerves, brainstem and cerebellum, basal ganglia and cortex, multiple sclerosis, vertigo and vestibular disorders, stroke and more!

Features: clinically oriented talks by clinical and scientific experts of many years in the field, good mix of vestibular, neurological and ophthalmic specialists, video based talks, hands-on sections in smaller groups, hybrid attendance possible, discount fees for undergraduates and non doctors.

Fees

Imperial trainees/students/ research fellows: £60

Imperial Consultants and Academics: £120

Non Imperial trainees/students/ research fellows: £80

Non Imperial Consultants and Academics: £160

There will be a hybrid option with 10% fees discount. This option is not recommended as video quality degrades online, and videos are essential for this topic. On site registration will incur a 10% surplus charge.
