	Monday 2F November 2024			
	Monday 25 November 2024 All lectures take place in THE GREAT HALL – 1st Floor			
08.30	REGISTRATION – RECEPTION & SNOW ROOM			
	Chair: Dr Sabita Uthaya, Professor of Practice (Neonatal Medicine), Imperial College London, UK			
	Oxygen targets in neonatal pulmonary hypertension Professor Satyan Lakshminrusimha, Professor and Chair, Department of Paediatrics, UC Davis Children's Hospital, California, USA			
	Waterbirth: How safe are they for mothers and their babies? Professor Julia Sanders, Professor of Clinical Midwifery, School of Healthcare Sciences, Cardiff University, UK			
11.30	COFFEE – SNOW ROOM			
	Chairs: Dr Vimal Vasu, Consultant Neonatologist, William Harvey Hospital, Kent, UK and Dr Sabita Uthaya, Professor of Practice (Neonatal Medicine), Imperial College London			
	YOUNG INVESTIGATOR AWARDS			
	12.00 - Advancing nutritional care for moderate and late preterm infants: Insights from the DIAMOND trial Dr Tanith Alexander, Specialist Neonatal Dietitian and Senior Research Fellow, Counties Manukau Health and the Liggins Institute, New Zealand			
	12.20 - Infancy: A critical window for growth Dr Kera McNelis, <i>Assistant Professor of Pediatrics, Emory University and Children's Healthcare of Atlanta, USA</i>			
	12.40 - Ultrasound assessment of the newborn lung Dr Arun Sett, <i>Neonatologist, Joan Kirner Women's and Children's, Sunshine Hospital, Western Health, Victoria, Australia</i>			
13.00	LUNCH – SNOW ROOM			
	Chair: Professor Chris Gale, Professor of Neonatal Medicine, Imperial College London, UK			
	Milk as medicine: Intranasal human milk for brain injury and other human milk therapeutics Dr Rebecca Hoban, Associate Professor of Paediatrics, Director of Breastfeeding Medicine, Division of Neonatology, University of Washington, USA			
	Birthmarks – clinical implications and targeted therapies Professor Veronica Kinsler, <i>Professor of Paediatric Dermatology and Dermatogenetics,</i> Great Ormond Street Hospital for Children, London, UK			
16.00	TEA – SNOW ROOM			
	Chair: Professor Chris Gale, Professor of Neonatal Medicine, Imperial College London, UK			
16.30	Improving the safety of newborn intubation. Lessons learnt so far and what the future holds Dr Elizabeth Foglia, Associate Professor of Paediatrics, Division of Neonatology, University of Pennsylvania, Perelman School of Medicine, USA			
17.30	END OF DAY 1			

Tuesday 26 November 2024		
All lectures take place in THE GREAT HALL – 1st Floor		
REGISTRATION – RECEPTION & SNOW ROOM		
Chair: Dr Vimal Vasu, Consultant Neonatologist, William Harvey Hospital, Kent, UK		
Research priorities in neonatal surgery: current challenges and potential solutions		
Professor Nigel Hall, Professor of Paediatric Surgery, University of Southampton, UK		
Advocating for drug development in newborn infants		
Professor Karel Allegaert, Clinical Pharmacology and Pharmacotherapy,		
Department of Pharmaceutical and Pharmaceutical Sciences, KU Leuven, Belgium		
COFFEE – SNOW ROOM		
Chair: Dr Cheryl Battersby, Senior Lecturer in Neonatal Medicine, Imperial College London, UK		
The lowa experience with babies of 22 and 23 weeks' gestation		
Professor Edward Bell, Professor of Paediatrics, University of Iowa, USA		
The Japanese experience with babies of 22 and 23 weeks' gestation		
Dr Tetsuya Isayama, Head of Division Neonatology, National Center for Child Health and Development,		
Tokyo, Japan		
LUNCH – SNOW ROOM		
LUNCH – SNOW ROOM Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health Dr Jane Cleal, Associate Professor in Reproductive Cell Biology, Human Development and Health,		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health Dr Jane Cleal, Associate Professor in Reproductive Cell Biology, Human Development and Health, University of Southampton, UK		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health Dr Jane Cleal, Associate Professor in Reproductive Cell Biology, Human Development and Health, University of Southampton, UK Strategies to improve recruitment to clinical trials: The challenges of clinician equipoise		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health Dr Jane Cleal, Associate Professor in Reproductive Cell Biology, Human Development and Health, University of Southampton, UK		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health Dr Jane Cleal, Associate Professor in Reproductive Cell Biology, Human Development and Health, University of Southampton, UK Strategies to improve recruitment to clinical trials: The challenges of clinician equipoise Dr Leila Rooshenas, Associate Professor in Social Medicine and Health Policy, Bristol Medical School, UK		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health Dr Jane Cleal, Associate Professor in Reproductive Cell Biology, Human Development and Health, University of Southampton, UK Strategies to improve recruitment to clinical trials: The challenges of clinician equipoise Dr Leila Rooshenas, Associate Professor in Social Medicine and Health Policy, Bristol Medical School, UK TEA – SNOW ROOM		
Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK Placental adaptations to maternal nutrition and the impact on lifelong health Dr Jane Cleal, Associate Professor in Reproductive Cell Biology, Human Development and Health, University of Southampton, UK Strategies to improve recruitment to clinical trials: The challenges of clinician equipoise Dr Leila Rooshenas, Associate Professor in Social Medicine and Health Policy, Bristol Medical School, UK TEA – SNOW ROOM Chair: Dr Sabita Uthaya, Professor of Practice (Neonatal Medicine), Imperial College London, UK

END OF DAY 3		DAY 3			

	Thursday 28 November 2024 All lectures take place in THE GREAT HALL – 1 st Floor		
08.00	REGISTRATION – RECEPTION & SNOW ROOM		
	Chair: Dr James Webbe, Academic Clinical Lecturer in Neonatal Medicine, Imperial College London, UK		
08.30	Advances in the detection and management of neonatal eye conditions Mr M Ashwin Reddy, Consultant Paediatric Ophthalmologist, Royal London Hospital, Barts Health NHS Trust, UK		
09.30	Newborn screening policy in UK and variation across other countries Dr David Elliman, Clinical Lead for National NIPE & NBS Screening Programmes, Consultant, Great Ormond Street Children's Hospital, London, UK		
10.30	Physiology and interpretation of umbilical cord blood gases at birth Professor Per Olofsson, Professor Emeritus, Institution of Clinical Sciences Malmö, Lund University, Sweden		
11.30	COFFEE – SNOW ROOM		
	Chair: Dr Vimal Vasu, Consultant Neonatologist, William Harvey Hospital, Kent, UK		
12.00	Developments in the detection of sepsis Dr Myrsini Kaforou, Senior Lecturer in Bioinformatics, Department of Infectious Diseases, Imperial College London, UK		
13.00	Neonatal arrythmias: management challenges and long-term outcomes Dr Jan Till, Consultant Paediatric Electrophysiologist, Divisional Director of Children's Cardiac Services, Royal Brompton Hospital, London, UK		
14.00	LUNCH – SNOW ROOM		
	END OF MEETING
