

Designing Function in Porous Molecular Solids

Professor Andrew I. Cooper

University of Liverpool

Wednesday 14th November

16:00

ACEX 250 (LT1)

The lecture is open to all and will form part of the **Barrer Centre Symposium**, taking place the same day from 1pm – 6pm. If you would like to attend the rest of the symposium **please register** so that we are able to anticipate catering numbers (registration is free). You do not need to register to attend the Barrer Lecture.

Register: Eventbrite ID 51332237103
or search “Barrer Symposium”
