

Welcome to the 4th edition of our Newsletter! We are excited to share with you hot STAR updates. Thank you for your participation in STAR study and for all your efforts in recruiting patients.

“Quality means doing it right when no one is looking.” Henry Ford

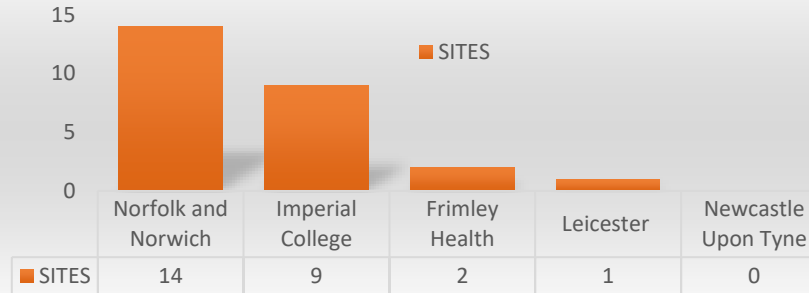

STAR Numbers, Numbers, Numbers

- **26 /100** Patients successfully enrolled
- **405** Patients screened in total
- **5** Sites actively recruiting

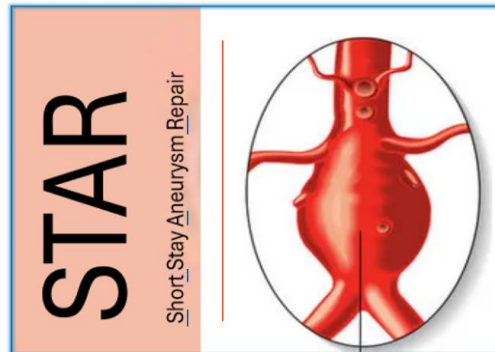

Patients Screened vs Recruited by Site - October 2024

Patients recruited by site
October 2024

WE ARE PLEASED TO ANNOUNCE THAT OUR STUDY NOW HAS ITS VERY OWN LOGO!

***** 31 DECEMBER 2024 *** RECRUITMENT END DATE EXTENSION**

Thank you all for your dedication and for accommodating our extension to the recruitment period for further 3 months. We hope this extension will enable us to screen more suitable and eligible participants and subsequently to enrol more patients onto our STAR pathway. Your efforts are greatly appreciated.

ON- SITE MONITORING VISITS COMMENCING – OCTOBER 2024

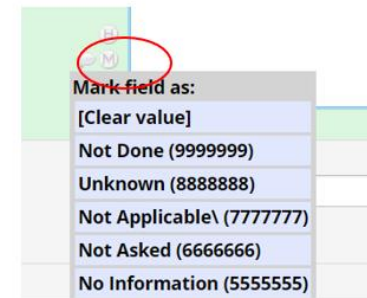

Site 01 – Imperial College Healthcare NHS Trust - 31ST OCTOBER 2024

Remaining sites will be contacted by the Study Manager to arrange on-site monitoring visits in the coming days.

TIPS AND HINTS

Please make sure you complete each data field within the data instrument form. If the data field was generated, do not leave the field empty. This will be picked up as incomplete / missing entry and a query will be raised. This can be avoided by simply clicking on the greyed-out M button next to the data field and by choosing the relevant value from the drop-down list below.

***** STUDY RECENT AMENDMENTS *****

NSA5 – 05/07/2024, approval date 24/07/2024

SA001 - 13/08/2024, approval date 19/09/2024

NSA6 - 07/10/2024, approval date 24/10/2024

Please contact your R&D department for local approval / acknowledgement. Once approved complete Training Log and provide localised documents (if applicable).
